

Cisco Meraki MX85 — eBay Listing

Drafted for Brian Lloyd · Tiny Door Studios

SUGGESTED TITLE (71 / 80 characters)

Cisco Meraki MX85-HW Security Appliance Firewall/Router - 1U Rack Mount

LISTING DESCRIPTION

Pulled from a single working install — this MX85-HW went in once and never moved again. It ran our firewall and SD-WAN the whole time it was in service. Only reason it's up for sale: our Cisco Meraki license lapsed and we moved to Ubiquiti UniFi. Nothing failed — the hardware just lost its license.

What's Included

- The MX85-HW unit itself
- One US IEC power cord

That's everything. No mounting brackets, no SFP modules, no manuals, no box.

Licensing — Read This First

The MX85-HW is cloud-managed — it won't do anything without an active Meraki license in the dashboard. Ours expired and doesn't transfer with the sale. You'll need your own license, and you'll need to go through Cisco's transfer process for used hardware before this comes online. Check current Meraki licensing costs before you buy. Hardware only — no license included, and we can't promise the transfer goes through. That's on Cisco, not us.

Specifications

(per Cisco Meraki's official MX85 datasheet)

- Built for small-to-medium branches, up to 250 devices
- WAN: 4 dedicated uplinks — 2x 1GbE SFP, 2x 1GbE RJ45 (one RJ45 port is PoE+); current firmware runs 2 active uplinks at a time
- LAN: 8x 1GbE RJ45, 2x 1GbE SFP
- 1 dedicated RJ45 management port, 1 USB 3.0 port
- Throughput: 1 Gbps stateful firewall, 1 Gbps VPN, 1 Gbps next-gen firewall detection
- Site-to-site VPN: up to 200 concurrent tunnels (AutoVPN / IPSec)
- 1U rack mount — 19"W x 9.8"D x 1.7"H, 8.2 lb
- Internal power supply, 100–127VAC or 200–240VAC 50/60Hz, 12W idle / 55W max, fanless
- L3/L7 stateful firewall, IDS/IPS, content filtering, AMP malware protection, AutoVPN/SD-WAN, WAN failover and link balancing, VLAN/DHCP, NetFlow, Syslog — all managed through the Meraki dashboard once licensed

Condition

Used. Sat in one rack the whole time — no signs of being knocked around or shuffled between installs. Sold as-is.

Terms of Sale

All sales are final. No returns, no refunds, no exchanges. Ask questions before you buy — once it's sold, it's sold.
