AT A GLANCE

Built in 1908 as a tribute to veterans and renovated in 2016. Listed on the National Register of Historic Places.

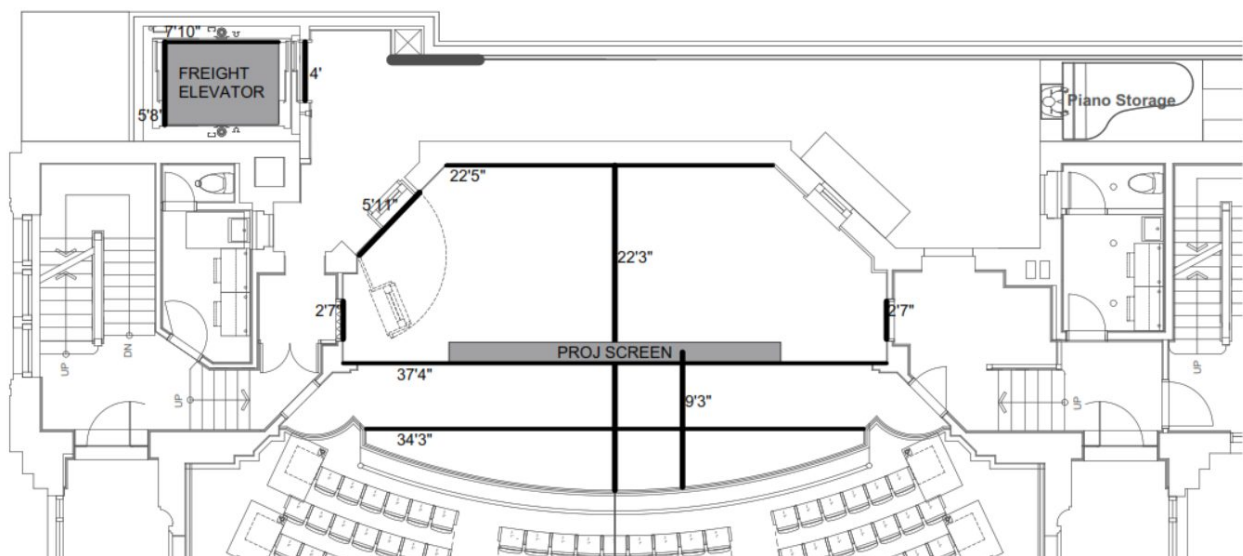

Capacity	556 seats: 215 on the main level (orchestra) and 341 in the balcony. All 11 accessible seats are on the main level.
Stage	Trapezoidal, 37'4" at the widest point and 22'5" deep at center. Permanent orchestra shell; no soft goods and no overstage rigging.
Load-in	Street-level door on Grant Street (2'7" W x 6'10" H) into a freight elevator. No dock. The stage is on the second floor.
House console	DiGiCo Quantum 225 with Pulse and a DQ Stage rack (48 inputs), in the house right balcony.
PA	Sound Bridge line array (main and balcony hangs, L/R), dual 18" subs and 4 front fills.
Monitors	8 wedges and 4 in-ear systems, mixed from FOH. A Yamaha CL3 monitor console and split are available; rental fee may apply.
Lighting	ETC Ion Element 40 running an LED rep rig with Source 4s and 8 moving heads.
Video	10,000-lumen laser projector and a 20' motorized 16:9 screen, fed by HDMI from backstage.
Sound limit	95 dB LAeq,6min (A-weighted, 6-minute average) at balcony center, per local ordinance.
Building curfew	90 minutes after the scheduled end of the show. All touring personnel, artists and gear must be out of the building by then.

The room from the stage, with the house FOH, house lighting, touring lighting and touring FOH positions marked

STAGE

Shape	Trapezoidal.
Width	22'5" at the back wall; 37'4" at the widest point.
Depth	22'5" at the deepest point (center stage).
Height	11'5" at the back-wall ledge; 18' at center stage; 23' at downstage center.
Shell	Permanent orchestra shell. The ornate upstage wall is 12' high and scallops to 20'+ at the plaster line.
Rigging	No soft goods. No overstage rigging for backdrops, soft goods or lighting.
Entrances	Stage left and stage right doorways, 2'7" W × 6'10" H. A 5'11" piano door on the upstage right wall for load-in.
House to stage	Steps from the house to the stage, with or without a railing, can be added in the aisles.

Stage plan with dimensions

LOAD-IN, PARKING & POWER

Loading door	On Grant Street at street level. Standard doorway, 2'7" W × 6'10" H. Flat push; no loading dock.
Freight elevator	Just inside the loading door. 5' W × 7'8" L × 7' H.
Stage level	The stage is on the second floor.
Parking	Details come with your advance.
Power	Modern, isolated supplies for lighting and sound. We can augment with a 400A 3-phase disconnect, backstage stage right.
Shore power	None. Generators are OK.

AUDIO

PA SYSTEM

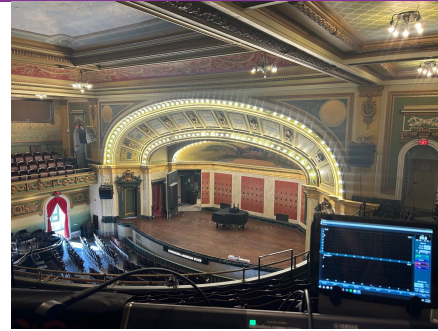

QTY	MODEL	POSITION
3 per hang	Sound Bridge Xyon 7108XY line array	Main and balcony hangs, L/R
2 per side	Sound Bridge 7218SWX dual 18" subwoofer	Ground-stacked, L/R
4	Sound Bridge 3208HTH front fill	Mono

FRONT OF HOUSE

House console	DiGiCo Quantum 225 with Pulse.
Stage rack	DiGiCo DQ Stage rack, 48 inputs.
Position	House right balcony, with a full view of the stage and no booth or overhang. The house console is in a fixed position and does not move.

House FOH position, house right balcony (red box)

View from the house FOH console

TOURING FOH

Routing	Guest consoles run through the house console. We can accept left, right, sub, fill and assisted listening feeds, or any combination of them.
Position	Rear center of the orchestra (Box M), with a full view of the stage and no booth or overhang. The guest console position typically requires at least two seat kills, in seats normally priced at P1.
Cabling	No drylines at this position; PA drivelines are stage left. The run to the stage box is about 150'. Tours must bring all cables needed to connect the touring console to any stage racks or devices.

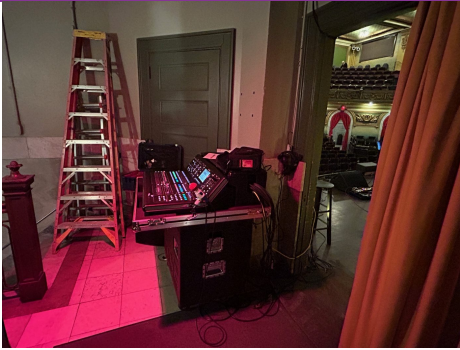

Touring FOH position, Box M (red box)

View from the touring FOH position

MONITORS

Wedges	8 Sound Bridge 7122W 12" stage monitors.
In-ears	4 Sennheiser EW300 in-ear systems.
Monitor mixes	Run from FOH on the house console unless a monitor console is in use.
Monitor console	Yamaha CL3, 48 inputs. Rental fee may apply.
Split	40-channel transformer-isolated split. It's required when using the house monitor console, and it can also feed a touring monitor console. Rental fee may apply.
Monitor position	Offstage left, with a view of the stage through a 2'7" W x 6'10" H doorway. We'll work with each show individually to recommend monitor placement options.

Dressing Room D, balcony level, stage left

ADDITIONAL TERMS

Building curfew	90 minutes after the scheduled end of the show. All touring personnel, artists and gear must be out of the building by then.
Left behind	Tell us right away if you leave something behind. Anything left in the building may be thrown out.
Radius	No other shows within 90 miles of Cincinnati for 60 days before or after your date.
Merchandise	The house takes no cut of merch sales. Bring your own POS system and bank. We can help arrange a seller if you need one.
Security	We may have security on site, but you're responsible for your own gear and belongings.
